- १) संचालक राज्य आरोग्य व कुटुंब कल्याण संस्था, नागपूर यांचे पत्र जा. क्र. राआकुंकंस/कक्ष-५/AIIMS नागपूरMoU/६३०/२०२६ दि. २१.०१.२०२६
- २) बालरोग विभाग, AIIMS नागपूर यांचे पत्र क्र. AIIMS NGP/Peds/२५-२६/६३९ दि. १३.१२.२०२५

प्रस्तावना :-

AIIMS नागपूर येथील बालरोग विभागामार्फत राज्यातील बालकांच्या असंसर्गजन्य रोगाच्या (NCD) उपचारांसाठी आणि क्षमता बांधणीसाठी विशेष पुढाकार घेण्यात येत आहे. या संदर्भात AIIMS नागपूर आणि सार्वजनिक आरोग्य विभाग, महाराष्ट्र शासन यांच्यात सामंजस्य करार (MoU) करण्याचे प्रस्तावित आहे. या संदर्भात पुढीलप्रमाणे निर्णय घेण्यात येत आहे.

शासन निर्णय:-

AIIMS नागपूर येथील बालरोग विभागामार्फत राज्यातील बालकांच्या असंसर्गजन्य रोगाच्या (NCD) उपचारांसाठी आणि क्षमता बांधणीसाठी विशेष पुढाकार घेण्यात येत असून या संदर्भात AIIMS नागपूर आणि सार्वजनिक आरोग्य विभाग, महाराष्ट्र शासन यांच्या गैर वित्तीय सामंजस्य करार (Non-Financial) (MoU) करण्यास शासनाची मान्यता देण्यात येत आहे. (सोबत सामंजस्य कराराची (MoU) ची प्रत जोडली आहे.

२. या सामंजस्य कराराची मुख्य उद्दिष्टे खालील प्रमाणे आहेत.

- १) क्षमता बांधणी व प्रशिक्षण: राज्यातील सार्वजनिक आरोग्य विभागाच्या अधिकारी/कर्मचाऱ्यांची क्षमता वाढविणे आणि त्यांच्यासाठी चिकित्सीय कार्यपद्धती (Clinical Protocols) तयार करणे, अस्तित्वात असलेल्या सार्वजनिक आरोग्य प्रणालीतील सेवांच्या दर्जा सुधारण्यासाठी प्रशिक्षण आणि मार्गदर्शन पुरविणे.
- २) विविध आजारांचे व्यवस्थापन: बालक आणि किशोरवयीन मुलांमधील Child Development Disorders, टाईप-१ मधुमेह, दमा, जन्मजात हृदयविकार,

सिकलसेल, मानसिक आरोग्य आणि लढपणा यासारख्या आजारांच्या एकात्मिक व्यवस्थापनाची अंमलबजावणी करणे.

३) मेंटरशिप: राज्यातील ८ जिल्ह्यामधील बालरोग NCD क्लिनिकससाठी AIIMS नागपूर "टेक्निकल लीड" म्हणून प्रशिक्षण आणि गुणवत्ता हमी देण्याचे काम करेल.

सदर शासन निर्णय महाराष्ट्र शासनाच्या www.maharashtra.gov.in या संकेतस्थळावर उपलब्ध करण्यात आला असून त्याचा संकेतांक २०२६०४२२१३२२७५०१७ असा आहे. हा आदेश डिजिटल स्वाक्षरीने साक्षांकित करून काढण्यात येत आहे.

महाराष्ट्राचे राज्यपाल यांच्या आदेशानुसार व नावाने,

सहपत्र :- वरीलप्रमाणे.

WHEREAS:

Childhood Non-Communicable Diseases (NCDs) including Type 1 Diabetes, Congenital Heart Disease, Asthma, Obesity, Mental Health Conditions, Sickle Cell Disease and Developmental Disorders are emerging as significant public health concerns requiring prevention, early identification, treatment and continuity of care; The Government of Maharashtra is desirous of strengthening services for prevention, early diagnosis and management of childhood non-communicable diseases through the public health system. And whereas, AIIMS Nagpur has agreed to provide technical, clinical and mentoring support for strengthening childhood non-communicable disease services at selected district hospitals as part of their partnership.

AND WHEREAS:

AIIMS Nagpur has agreed to provide technical, clinical and mentoring support for strengthening childhood non-communicable disease services.

And whereas, both the Parties recognize the growing burden of non-communicable diseases (NCDs) among children and adolescents with the need for prevention, early identification, effective management, and follow-up; and whereas the Parties share commitment to strengthen health systems. Thus, the Parties agree to enter into a Memorandum of Understanding to facilitate collaboration for childhood NCD prevention, care and management resulting in improved survival and development outcomes for children in Maharashtra.

I. Partner Background

Public Health Department is responsible for planning, implementing, regulating, and monitoring public health services, including disease prevention, health promotion, and implementation of public health programs, to protect and improve the health of the population.

AIIMS, Nagpur functions as a premier tertiary healthcare, medical education, and research institution, providing advanced patient care, undergraduate and postgraduate medical education, and promoting high quality clinical research and capacity building in the field of health sciences.

II. Scope of MOU

This Memorandum of Understanding outlines the broad framework for collaboration among the Parties to strengthen health systems for the prevention, early identification, and management of childhood non communicable diseases (Type 1 Diabetes, Congenital Heart Disease, Asthma, Obesity, Mental health, Sickle Cell Disease and Developmental Disorders) in Maharashtra. The scope

includes establishing, operationalising, and mentoring of childhood NCD clinics in **selected district hospitals in each health circle along with related system strengthening activities** such as capacity building, establishment of standardized processes/protocols, **development of data collection mechanisms**, provision of technical and clinical support, and mentoring, as mutually agreed and in accordance with applicable laws and policies.

III. **Common Objectives**

The common objective of this Memorandum of Understanding is to strengthen the public health system in Maharashtra for the promotion, prevention, early identification, and management of childhood non communicable diseases through collaborative efforts, including support to dedicated childhood NCD clinics (Type 1 Diabetes, Congenital Heart Disease, Asthma, Obesity, Mental health, Sickle Cell Disease and Developmental Disorders) and related system strengthening initiatives, as outlined in the '*Areas of Collaboration*' below.

The scope of collaboration may extend to other priority areas related to childhood NCDs, as mutually identified and agreed by both the Parties.

IV. **Areas of Collaboration**

1. Establishment and Operationalisation of Childhood NCD Clinics at selected District Hospitals

The Parties shall collaborate to identify, establish, and operationalise **childhood NCD clinics** for the conditions listed above, in selected district hospitals across Maharashtra, covering all the health circles. This shall include support for clinic guidelines, workflows, and integration within existing public health services.

2. Service Delivery and Quality of Care

The Parties shall work together to strengthen service delivery at the childhood NCD clinics by promoting evidence-based practices and ensuring quality of care through standardized clinical protocols, guidelines, and supportive supervision mechanisms.

3. Capacity Building

The Parties shall collaborate to build the capacities and skills of the **doctors** and front line workers involved in delivery of childhood NCD services. This will include establishing standardised training modules, training plans and strengthening district and State training institutes by creating a resource pool.

4. System Strengthening and Process Development

The collaboration shall include strengthening health systems through development and implementation of standardized operating protocols, portal/ mechanism for data collection, referral linkages (forward and backward), tools, guidelines, IEC materials, and other institutional processes to support sustainable services at the childhood NCD clinics and other platforms.

5. Clinical Mentoring and Supportive Supervision

The Parties shall support ongoing clinical mentoring (physical and virtual) and supportive supervision of **doctors and healthcare staff** to strengthen clinical decision making, adherence to protocols, and overall performance of the childhood NCD clinics.

6. Monitoring, Documentation, and Knowledge Generation

The Parties shall jointly support monitoring of clinic performance, service delivery, and quality of care, along with documentation, research, and generation of knowledge and evidence to inform program improvement and future scale up.

7. Coordination and Knowledge Sharing

The Parties shall facilitate coordination and knowledge sharing among relevant stakeholders at State, Divisional, and district levels to support effective implementation and cross learning.

V. Roles and Responsibilities

The Parties shall jointly coordinate and facilitate activities to achieve the common objectives of this Memorandum of Understanding. The Parties shall collaboratively plan, implement, and periodically review activities under this MoU, share information, progress, and learnings in a timely manner, ensure compliance with applicable policies, guidelines and ethical standards, and mutually agree on any modification or scaling of activities based on program needs.

Specific Roles & Responsibilities

1. The Public Health Department shall:

- Act as the nodal department for the implementation of this Memorandum of Understanding.
- Provide overall leadership, stewardship, and facilitation for activities undertaken under the purview of this MoU, in alignment with the agreed areas of collaboration.
- Recognise and strengthen AIIMS Nagpur as a resource centre for supporting the strengthening of the NP-NCD network for childhood NCD program.
- Planning, monitoring and implementation of NCD for children, through technical assistance from AIIMS Nagpur.
- Appoint a designated nodal officer at State district level.
- Consider inclusion of drugs and consumables required for Pediatric NCD management in the State drug list.
- Facilitate capacity building through State training institutes.
- Facilitate integration of childhood NCD data into Health Information System. Review with Divisional/District program managers to prioritise reporting of NCDs in children and tracking progress.

Strengthen referral linkages between Pediatric NCD health centres and the Ayushman Bharat Mission – PMJAY; School Health program, and the

Health & Wellness Centres (H&WCs). Consider policies for inclusion and coverage of expenses for childhood NCD conditions under PMJAY.

2. **AIIMS, Nagpur** shall:

- Facilitate support to the childhood NCD clinics through the Technical Working Groups- Appoint a designated Nodal person.
- Developing standard protocols, training modules and knowledge products for identification, diagnosis and management of Type 1 Diabetes, Congenital Heart Disease, Asthma, Obesity, Mental health, Sickle Cell Disease and Developmental Disorders.
- Help PHD to develop portal/mechanism for collecting and reporting data related to pediatric NCD patients
- Provide handholding and mentoring to district childhood NCD clinic teams.
- Establish mechanism/hub for teleconsultation support to childhood NCD clinics in the selected districts.
- Support in building the capacities and skills of healthcare functionaries in the selected districts for childhood NCDs.
- Contribute to evidence generation for these conditions by undertaking research.
- Establishing State disease registry for conditions like Type1 Diabetes, Sickle Cell Disease, Congenital Heart Disease and Cerebral Palsy.
- Share global practices and evidence to improve program implementation.
- Provide technical inputs for policy formulation related to Pediatric NCDs.

VI. Financial Implications- Nil

This Memorandum of Understanding is a non-financial and collaborative arrangement that does not create any legally binding financial obligations among the Parties. However, each party shall bear cost and expenses to fulfil their respective obligation under this MoU.

VII. Expiration, Modification, Renewal and Termination

This Memorandum of Understanding will be valid for three years from the signing date.

This Memorandum of Understanding may be modified, amended, or renewed by mutual written agreement of both the Parties. Any such modification, amendment, or renewal shall be set out in writing as an Annex to this Memorandum of Understanding, shall be signed by duly authorized representatives of the Parties, and shall form an integral part of this Memorandum of Understanding. Such an Annex shall enter into effect on the date of its signature by both the Parties.

Any Party may terminate this Memorandum of Understanding without cause upon Thirty days' written notice to the other and may terminate this Memorandum of Understanding for cause upon fourteen days' written notice to the other Party.

VIII. Entry into Force

This Memorandum of Understanding shall come into force upon the date of signing by the Parties and will continue in full force and effect until expired or terminated. After the expiry/termination of the MoU, AIIMS Nagpur will handover the data, records and ongoing activities details in an orderly format to ensure the continuity in safeguarding public interest.

IX. Confidentially

The Parties agree to maintain the confidentiality of any non-public, confidential, or proprietary information exchanged under this Memorandum of Understanding and to use such information solely for the purposes of activities agreed upon herein.

X. Indemnity

Each Party shall be responsible for its own acts and omissions and shall indemnify and hold harmless the other Party from and against any claims, losses, damages, liabilities, or expenses arising out of its negligence, willful misconduct, or breach of its obligations under this Memorandum of Understanding.

XI. Ethical Compliance

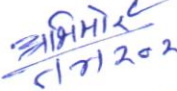

Any collection, storing, or sharing of personal or health related data shall be limited to the purposes of this MoU and shall be undertaken ensuring confidentiality, and protection of the rights and best interests of beneficiaries. Where applicable, necessary approvals from competent ethical or regulatory authorities shall be obtained prior to commencement of such activities.

XII. Dispute Resolution

Any dispute arising out of or relating to this Memorandum of Understanding shall be resolved amicably through mutual consultation and dialogue between the Parties. If the dispute is unresolved through mutual consultation, the Parties shall, as far as practicable, will continue to perform their respective obligations under this MoU, without prejudice to their rights under applicable law. In the event of unresolved disputes, the matter shall be referred to the Principal Secretary-1, Public Health Department, Government of Maharashtra, and his decision shall be final and binding on parties.

IN WITNESS WHEREOF, these duly authorized representatives of the parties hereby execute this MOU, including all the terms and conditions mentioned herein above.
